Ever Better Mentoring
January 17 - March 7, 2024

To apply for this program:
https://forms.gle/EoYyyxk2RbAgQfyp8

Application deadline: December 31, 2023

Mentoring the next generation of scientists takes more than goodwill. It takes knowledge and skills to inform success and continued career development. The '*Ever Better Mentoring*' online course can provide faculty with the skills and knowledge to improve their mentoring skills. This course is designed for ease of use and is respectful of faculty professional time constraints.

Program Aim
To instruct and prepare current and future mentors through case-based online instructional practices and through a collaborative learning session to guide participants in being effective
