

## **Rochester Healthy Homes Partnership**

The Rochester Healthy Homes Partnership (RHHP) supports local efforts to reduce home environmental health hazards throughout our community, particularly for children and low-income residents of the City of Rochester. In recent years, the RHHP has focused on promoting outreach related to healthy homes. The RHHP has met approximately monthly since 2009 and maintains a listserv to share resources, coordinate activities, and collaborate on new projects. The RHHP publishes

The partnership is facilitated by the University of Rochester Environmental Health Sciences Center Community Outreach and Engagement Core. For more information, contact Valerie\_Garrison@urmc.rochester.edu. Visit [ehsc.urmc.edu/healthyhomes](http://ehsc.urmc.edu/healthyhomes) for information on environmental health hazards that can be found in the home and learn how to reduce your
