Palliative Care and Dementia

- Presenter: Emily Chai, MD, Vice Chair of Inpatient Geriatrics and Palliative Medicine, Professor, Icahn School of Medicine at Mount Snai
- Recording Date: Tuesday Oct. 17, 2023, 12:00pm ET
- Palliative care plays a vital role in patients with dementia by offering a holistic approach to care that can greatly improve their quality of life. Not only does it focus on managing potential symptoms like agitation, confusion and pain, it helps patients and families navigate the challenges of disease and make informed decisions about care options
