

My ELAM project over 2016~~7~~ was to develop and establish the University of Rochester Aging Institute (URAI) TheURAIis a Universitywide initiative thatintegratesall existing agingrelated strengths and expertise, spanning a myriad of departments, schools and research centers across campuses, including research, patient care, education and community outreach

Approved by the University of Rochester Board of Trustees in November 2019, theURAIis a framework for collaboration related to threepillars of strength: ~~Wal~~ Discovery(research)Vital Care (patient care & workforce education)and Vital Living(communityengagement)across the entire University andGreaterRochesteregion

The ~~Dean~~CEO.
