

Thank You to Baby Love Donors

The holidays were made brighter for 42 Baby Love families thanks to the generosity of Medical Center Departments and community groups. The annual program is a collaboration between the SMH Social Work Department and Friends of Strong (FOS). Groups “adopt” a family and before the holidays deliver items (from their family’s wish list) to FOS. Thank you to the following departments and groups for their generous donations:

AC3
Access Center Trainer RTP
Ambulatory Administration
Center for Health & Tech (CHET)
CEO & Dean’s Office
CPA Office
Department of Pharmacy
